MAKE & PLAY: Crazy Castle Capers !

Cut & shape your foam to make mini sandcastles. A serrated knife works best – ask a grown-up for help.

Pop a plastic cup in each. Make some mini flags using paper, sticks & wool or ribbon.

Using your S'Octopus or a ball, see if you can get it in one of the cups, or knock them down !

Alternatively, pop the ball between your knees like in the Penguin Waddle – drop it into your sandcastle for points. Play with a friend for the highest score!
