

MAKE: Star Mobile

You will need:

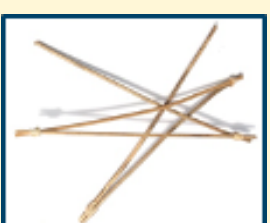

- 5 twigs
- Wool
- Rubber bands
- Card

Check out our
youtube tutorial!

1. To make basic star – collect 5 twigs of an equal length. Join first 2 together at one end with a rubber band at point B.

2. Next, join point C with another twig. Keep joining the end of your last twig with a new one in the same way, until you've used all 5.

3. Join the end of your last twig with the start of the first at point A.

4. To make a tassel – wrap wool around your fingers or a fork.

5. Pass another piece of wool through the loops at the top & tie tightly. Take wool off your fingers. Tie another piece of wool around all the wool at point A.

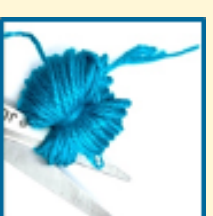

6. Cut the loops at the bottom & fluff out.

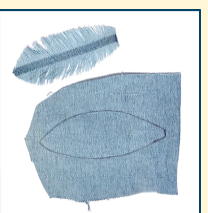

7. To make a pom-pom – wrap wool around a fork.

8. With another piece of wool, double it up (for strength) and tie around the middle of ALL of the wool on the fork. Tie it as tightly as possible.

9. Take it off the fork & cut the loops. Cut it to the shape you want. Leave the wool used to tie the middle, so you can hang it.

10. Mark out a feather shape on your fabric. Cut out.

11. Pull out threads on both sides, as in the picture below, until you are left with just a strip of woven material running down the middle. Glue or stitch onto your mobile.
